Washington, D.C. 20231

**INFORMATION DISCLOSURE STATEMENT**

Sir:

This statement is made in compliance with 37 C.F.R. 1.56, 1.97 and 1.98. Applicants enclose a Form PTO-1449 (one page) listing publications known to applicants that may be relevant to this application. This Statement is being filed within three months of filing the application.

Publications AA, AL-AN, AR and AS were cited in the specification. AA and AL-AN disclose other A<sub>2a</sub> receptor antagonists, as does publication AV, while AR and AS relate to preparation of the compounds. Publications AT and AU disclose test procedures referred to in the specification: they replace the incorrect reference to the *Brain Research* publication cited on page 51, line 12 (the two references were apparently inadvertently combined in the text).

Copies of the publications are attached.

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to Assistant Commissioner for Patents, Washington, D.C., 20231, on July 27, 2001
